

## English

This half term the children will first be learning how to write persuasively. Then later in the half term they will be improving their skills for writing newspaper reports. They will also have regular grammar, spelling and reading comprehension practice.

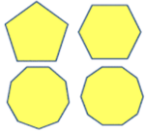

## Music

In our lessons with the West Sussex Music teacher, we will be learning songs and percussion skills to perform a musical about the Amazon rainforest.

## Maths

For this half term, the children will be learning about equivalent fractions and how to calculate with fractions. We will also be learning about the properties of shapes.

We will continue to have daily practice of the 3x, 4x and 8x times tables.

## Art / Design Technology

The children will be learning how to use watercolour paints. They will also learn about the work of some famous impressionist artists.

## Geography

The children will be learning about Rivers - They shall learn about their different features and about some important rivers around the world.

## Religious Education

The children will be learning about the Hindu religion and the significance of the River Ganges to Hindus.

## Science: (Plants)

The children will be investigating the different aspects of the life of plants; from how they grow, to how they make their food; from where they live to how they reproduce.

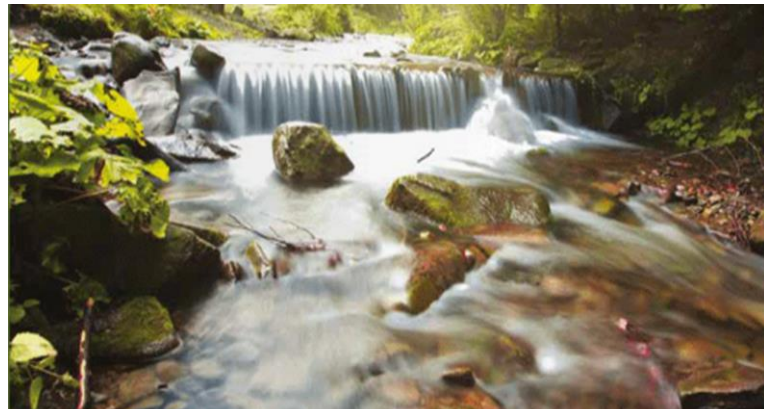

## Italian

The children will first be learning to describe animals. Then they will learn how to ask for food in a market and a restaurant.
